Starting in a pottery shop in 1885, we've become the world's largest manufacturer of abrasive products—and of many other products, from lightweight Noroc body armor, now in use in Vietnam, to heavy-duty encapsulating machines, improving health and nutrition in such far off

places as Australia. We're now 14 divisions strong with headquarters still in Worcester, Massachusetts, with manufacturing operations at 48 plant locations—24 in the U.S.A. and 24 in 14 countries of the free world.

FREDERIC L. DUPRE, JR., Attorney

Dear Class of 1969,

A year ago we told the Class of 1968 that "these are difficult times." A year has passed and the difficulties modern man faces have remained to challenge the minds and hearts of sensitive and responsible men. Intelligence, freedom and responsibility are characteristics of men who help make progress towards the solution of the problems affecting human kind.

It is the hope of the Assumption Alumni that each and every graduate of our alma mater absorbs these characteristics into his person, so that, no matter which field of endeavor he pursues, he may extend the hand of cooperation to his fellow man in the hope that man can and will solve the enigmas of his existence.

We of the Assumption Alumni offer our very best wishes to the Class of 1969, and hope that where we may have failed, you will succeed, and that where we have succeeded, you will understand.

Very sincerely,

P. B. Aucoin, M.D.
